Any person(s) or organization that rents the Agliplex and will be offering for sale goods or services from 3 or more vendors shall be considered by the Ag Society to be running a public market; and will be required to enter into a market agreement with the Ag Society, in addition to the rental agreement.

1. All markets shall pay a damage deposit of \$350.
2. All public markets should follow the Guidelines for Public Market Managers and Vendors, as set out by the Government of Alberta (attached).
3. There shall be no access to the kitchen, unless the renters have entered into a kitchen agreement.
4. No food is to be left in the kitchen/cold storage room without prior approval. Anything that is left in the kitchen/cold storage room is left at your own risk. The Ag Society is not responsible for lost or stolen items.
5. Consumables that are already in the kitchen/cold storage room are not to be used.
6. The public market will recognize the Ag Society run Farmer's Market as the primary market at the facility and as such;

- a. At their discretion, the Ag Society reserves the right to place signage advertising the Farmer’s Market on or in the building or land during the public market. The Ag Society will notify the Public Market of their intent to advertise before the booking and any advertisements will be placed so as to not interfere with the operation of the public market.
  - b. The public market shall not advertise on or in the building or land, except on the day of their rental.
  - c. The public market shall place signage in a conspicuous location that states that they are NOT an Alberta Approved Farmer’s Market.
7. The Ag Society reserves the right to refuse to allow any public market that contravenes this agreement to rent or continue to rent the Agliplex.
8. The Ag Society reserves the right to cancel this agreement without notice should the municipality declare an emergency and assert possession of the facility. The Ag Society will refund any monies prepaid as a result of this agreement being cancelled and provide reasonable best efforts in providing a future date of rental to the benefit of the renter.
